Positive and lasting life lessons for children presented in wild whacky ways!

Do you need a speaker who educates and entertains children?

Doug Larson, storyteller and singer-song writer, is here to serve you at your next . . .

◆ School Assembly ◆ Carnival ◆ Festival

For over 30 years Doug has been using stories and action-packed songs, geared for children of all ages—even the young at heart. His programs typically last from 45 minutes to one hour, depending on your objectives.

Singable music written for children, along with lots of audience participation make this a favorite among schools and midweek programs. A strong Biblical message comes through loud and clear.
